

Fall Semester Online Courses with the Project Food, Land & People Program

*FLP VIII: Growing Your Classroom Creatively with STEAM (PreK-12)*

*FLP IX : Journey 2050—An Exploration into the Future (6th-12th)*

Earn your Professional Development Credit while you teach easily implemented lessons with students in your classroom!

FLP 8 begins **Oct 10th** and FLP 9 on **Oct 17th**

*Deadline to Register:  
Friday, October 6th  
Don't miss out!*

Experience lessons and resources that are hands-on, provide critical-thinking activities, timely background information, measurable objectives, and references that distinguish them among materials used to teach about food, natural resources and consumers.

Educators attend two interactive video sessions with their laptop and complete the remaining course requirements independently. Lessons are provided, ideas are exchanged with K-12 teachers from across the state and valuable resources are shared.

✓ Register online for either course

Veteran teacher and advocate Ginger Deitz, along with Jill Vigesaa, serve as course facilitators. Teacher comments include: *"If you haven't taken a FLP Class yet, YOU MUST!" "Most informational and hands on class I have ever taken. Thank you for everything!" "This course was very informative! The instructors were well organized with many hands-on activities, resources, and a wealth of information!" "A great balance of material, activities, and instruction. Great class!"*
