

# NDFB: Telling the story of agriculture, one slice at a time

What ingredients on your pizza come from North Dakota farms?

# NDFB Week

## March 12-18, 2023

**Deadline for entries is March 10, 2023!**

DID YOU KNOW products used to make pizza can be grown on North Dakota farms?

**Wheat** is a grain. Corn, oats, rye and barley are examples of other grains. Grains consumed by humans must be processed before they can be eaten.

**Tomatoes** are a field or garden vegetable. Vegetables are a good source of vitamins and are sold fresh, canned or frozen.

**Cheese** is a dairy product. Milk comes from dairy cattle. It is high in calcium which builds strong bones.

**Beef** is a meat from cattle. Beef is a good source of protein. Ground beef is often served on pizza or as hamburgers.

**Pork** is a meat from pigs. Pepperoni and Canadian Bacon are often served on pizza.
